

Numbered Compounds SYNOPTIC CHART

STATE OF THE INDIVIDUAL	LEVEL OF ACTION	ORGAN SYSTEMS				HOMEOSTASIS SYSTEMS			SYSTEMS OF DEFENCE	
	THE ORGANS AND DEEP STRUCTURES	LIVER GALL BLADDER	SPLEEN/PANC. SMALL INTESTINE	LUNG STOMACH LARGE INT.	KIDNEY BLADDER	NERVOUS SYSTEM	ENDOCRINE SYSTEM	CARDIOVASCULAR SYSTEM	ELIMINATION	INFECTION (IMMUNE)
		1 P Ag Gall Bladder	3 P Al Sn Liver Small Intestine Pancreas	4 P Ag Stomach 5 T Cu Ag Lung 6 P Ag Large Intestine	2 S Ag Kidney 7 L Ag Urinary Tract Prostate	9 P Au Pb Autonomic Nervous System	10 T Ag Hormonal	8 T Cu Cardio-vascular Blood	12 S Ag Au Cutaneous Toxicity 13 P Ag Liver, Kidney Support 11 T Cu Pain assoc. with Arthritic Toxicity	2 S Ag Renal, Thermoregulation
THE INDIVIDUAL'S ABILITY TO REACT	THE MIASMS	<p>DIATHESES TUBERCULINIC -ANERGY PSORIC -HYPERGY SYCOTIC -HYPOERGY LUETIC -DYSERGY</p> <p>HEALTH → 15 (Au) ← DEVELOPING TUBERCULINIC Phase (Infection Fever) → 16 (Ag Au) ← GLANDULAR DYSFUNCTION Phase → 14 (Cu Au Ag) ← DEGENERATIVE Phase → 18 (Al Cu Marrow, Spleen, Blood), 19 (Al Lung), 20 (Al Ag Au Hepato-Biliary-Pancreas Junction), 21 (Al Au Hormonal), 48 (Au Pb Cellular Toxicity - Internal), 49 (Au Pb Cellular Toxicity - External), 202 (Au Cu LUETIC with blockage to reactions), 700 (HEREDITARY LUETIC MIASM)</p>								
	THE FUNCTIONS	<p>TUBERCULINIC PSORIC SYCOTIC LUETIC</p> <p>THE ORGANS AND SYSTEMS</p> <p>LIVER: 40 (Au Cu Hepato-toxicity with hair loss), 26 (Ag Aphthous stomatitis, mouth, throat), 31 (Ag Hyperacidity), 46 (Ag Gastric overload, dyspepsia), 43 (Al Sn Temp. rel. of bloating)</p> <p>STOMACH: 32 (Sb Au Ag Sn Upper resp. tract), 35 (Lower resp. tract), 38 (Spasm)</p> <p>LUNG: 39 (Ag Parastic States), 50 (Al Ag Intestinal conditions), 44 (Au Ag Infl. & mild diuretics), 45 (Au Sn Inflam. & calculus), 38 (Al Ag Prostate & Pelvic inflammation)</p> <p>LARGE INT.: 22 (Au Mn Nervousness), 24 (Al Nervous condition following illness), 30 (Pb Insomnia, neurasthenia), 42 (Au Cu Nerve inflammation sciatica, neuralgia), 41 (Pb Paralysis, CNS muscles), 47 (Au Sb Cerebral congestions)</p> <p>KIDNEY: 34 (Au Tubercular states of pancreas), 36 (Al Hemorrhoids), 33 (Al Supports peripheral circulation, Arteries), 25 (Ag Sn Supports heart large vessels)</p> <p>NERVOUS SYSTEM: 17 (Ag Relief from or treatment of minor skin infections), 28 (Al Cu Sn Pain assoc. with arthritis mild diuretic), 29 (Ag Pain assoc. w. arthritis, supports liver), 44 (Au Ag Mild diuretic), 37 (Au Ag Inflammation of urinary tract, Infection, both local and general)</p>								
	ELIMINATION	<p>PERIPHERAL AND TISSUE DRAINAGE</p> <p>HEPATIC: 243 (Hepatic Cell), 74 (P Portal congestion), 226 (P Supports gall bladder, Digestive problems, Migraine), 295 (P Digestive weakness, glandular toxicity), 258 (Lithiasis)</p> <p>LUNG: 220 (T Pulmonary drainage Supp. respiratory func.)</p> <p>SYNOPTIC CHART COLOR LEGEND</p> <ul style="list-style-type: none"> Yellow Key remedies Pink Numbers with no metals Purple Numbers with 1 metal Aqua Number with 2 or more metals <p>IMPORTANT NOTE: To act on a terrain is to adapt the treatment in a manner that corresponds to individualized reactions. Your prescription will then include a compound selected at different complementary levels according to your clinical and diathetic observation. Taking into account the nature of these remedies, the diathetic categorization should be considered informative rather than restrictive. Gérard Guéniot M.D.</p> <p>NERVOUS SYSTEM: 76 (P Fortifying), 212 (Nervous conditions due to anemia or blood loss), 210 (Nervous conditions with hepatic/digestive implications), 219 (Excitability, spasms with cardio-vascular implications), 1001 (Cerebral nerves, insomnia), 228 (P Autonomic N.S balance)</p> <p>ENDOCRINE SYSTEM: 1000 (T Thyroid Support), 245 (Leucorrhea), 273 (Thyroid Glandular Regulation), 295 (Hepato-endocrine hormonal support)</p> <p>CARDIOVASCULAR SYSTEM: 74 (P Portal congestion), 233 (T Venous support), 248 (T Arterial support), 203 (Supports Cardiovascular Health)</p> <p>ELIMINATION: 270 (Minor skin infections), 74 (P Portal congestion), 226 (P Gallbladder, migraines-digestive origin), 295 (P Digestive weakness, glandular overwork), 258 (Lithiasis), 600 (S Rheumatism of tendon, ligament-> by movement), 1002 (Acute rheumatism-< by movement), 23 (L Incontinence & calculi), 258 (Lithiasis)</p> <p>INFECTION: 220 (Supports respiratory functions), 240 (Osteitis, decalcification), 312 (Throat), 710 (Au Minor skin infections Sinusitis)</p>
